Acknowledgments

I am a believer. I would like to acknowledge that what ever I am and what ever I will be in my life is due to a divine power who has given me strength and support. That divine power is paving ways for me to succeed in all that I desire, blesses me with constant happiness and makes all my dreams come true.

It is impossible to list all those who have made this book possible but I do want to mention few names outside of my family:

- **Savoy**: I begin by thanking you for I would have never made it to LA if you did not help and support me. Thank you for everything you did for me from offering me a job to mentoring me. Thank you for your friendship!
- **Jeremy**: I would have never walked this path had you not motivated me! Thank you for believing in me and thank you for pushing me! I also dedicate the video's in this book to you. It was your idea to incorporate them and I am glad I did.
- **Brad**: Thank you for letting me have the coaching experience with you and thank you for all the special help you gave me to improve my game!
- **Jan**: Thank you for all the help I received from you during the early years when I started to walk this path!

- [Sabine](#): I guess I do not have to mention how much I appreciate your support! Thanks for everything!
- [Cynthia](#): A special thanks to you for making all this possible for me! I feel blessed to have you in my life!
- [Andrea](#): Thanks for motivating me to take this road and supporting me during the journey. I will always remember how you helped me.
- [Steve](#): The editor who can sense the commas and the misplaced modifiers. Thank you!
- A very important part of this book I am dedicating to my friend [Sumit](#) who I nicknamed “[Maestro](#)”. It was his brilliant idea to incorporate exercises with every level of the book. Thanks Maestro-- your suggestion has been well incorporated!
- To all my friends whose names I did not mention here: Know that your contribution is valued no less than anyone else's. I did not mention your name here either for privacy reasons or because I felt that if I did the list would run for hundreds of pages. I want you to know that I will always appreciate your love and support!
- This book would be incomplete if I do not acknowledge the contribution of [David D](#) from “Double Your Dating”. It was his teachings that lead me to the path of Social Mastery. Thanks David and keep up the good work!

Preface

Life has not been the same since I moved from India to America in July of 2000. My dating life came to a sudden stop. I have to admit I wasn't much of a social person when I lived in India and being in a relationship since early years didn't help my skills with women. It didn't affect me much when I lived in India since I had the social network working in my favor but it certainly affected me after I moved to US. It has taken years of hard work, personal pain and perseverance to attain the social mastery I have today.

My goal in writing this book is to share my knowledge gained from years of painful experience. I can now share this valuable knowledge to help fellow men. The knowledge and techniques I will share or disclose in this book will help you successfully date beautiful women irrespective of your race, age, class or experience. You have my years of hard work in the next few pages. I have put in a lot of effort to ensure this book is of the utmost high quality.

The information in this book is all you need to successfully start dating beautiful women. In fact, there will be so much information in the following pages that I recommend you only read one or two chapters a day.....max. Really absorb the information you get before moving on to the next chapter. If you can't retain the information it is of no use to you.

I would highly recommend after you read a chapter write a paragraph or few

lines on a piece of paper. There is some strange connection of mind and body that causes things to become part of us once we write them. I have added specific writing exercises that I will mention down the road. A good time to do them would be after finishing each chapter.

Finally go out in the field and PRACTICE – PRACTICE – PRACTICE and then PRACTICE some more.

I GUARANTEE you that if you read this book then go out and practice meeting women four nights a week minimum that in less than three months you will have more beautiful women in your life than you can handle.
